

All Source Security Container Celebrates 15 Years of Information Protection!

Charlotte NC, Irving TX, Phoenix AZ, Barrie ONT

Feb 1, 2018 - All Source Security Container Mfg. Corp, North America's leading manufacturer and distributor of secure confidential collection containers and recycling containers has reached a very important milestone this February, celebrating 15 years of information protection!

Since its inauguration in 2003, All Source has grown its brand with a foundation of superior customer service, high quality manufacturing, and the fastest turnaround times in the document destruction industry. Growing to four distribution and manufacturing facilities across Canada and the United States, All Source has the distribution network footprint to provide unparalleled support for its customers. These qualities have made All Source an industry leader with a strong and loyal customer following.

"It has been a great accomplishment to build an organization into a household name for recycling and shredding companies nationwide over 15 years," says Matt McKeown, *Director of Sales & Marketing*. "The biggest thank-you goes out to our loyal and successful clients who we have built close business relationships with. It could not have been done without them!"

"Our team at All Source feels very fortunate to play a key role within the document destruction and recycling family," comments Tim Young, *GM, North American Operations*. "Supporting and helping this unique industry to grow over the past 15 years has been an exciting venture. Protecting and securing confidential information for both public and private sectors has never been more critical, and our team is proud of its accomplishments in helping to keep confidential information private."

Through collaborative efforts with key customers, strategic supply chain partners and our internal product experts, we have been able to challenge the status quo and find more effective, efficient and innovative solutions to create more value for the industry. All Source will be celebrating their 15-year anniversary throughout 2018. It is looking forward to connecting with and thanking customers for playing a critical part in achieving this milestone at multiple events and tradeshows across North America.
